Norway's Largest Ship Torpedoed

(International News Service.)
Copenhagen, Oct. 17.—The Norwegian steamship Themis, the largest ship flying the Norwegian flag, has been torpedoed and sunk, according to advices received here. The Norwegian sailing ship Brussels has also been sunk. The dispatches stated that the crews of both are missing.

SIXTY MORE MEN ALBANY COUNCIL CERTIFIED BACK BY DISTRICT BOARD RAISES SALARIES FOUR OFFICERS

THOSE CERTIFIED BACK DID NOT CLAIM EXEMPTION AND PASSED PHYSICAL EXAMINATION.

The names of sixty "certain soldiers" were certified back to the Morgan county exemption board today by the district board at Huntsville. These men are from the last 300 examined and are those who did not claim exemption and who passed the physical examination. The board has not yet disposed of the appeals filed by the men who were examined last, and it is expected that a number of these appeals will be denied.

Included in the list of men certified back as ready for military service are Prof. R. W. Cowart, superintendent of the Albany public schools. Prof. Cowart filed no claim for exemption, and it is likely that he will be among the first to go when the second call is made, probably within the next few weeks. Carlisle Blackwell, well-known Albany man, is also in the list, which in full follows:

Becker, John (c), Trinity.
Bowers, Orris, Washburn, Wis.

"Uncle Is Calling" THE SECOND LIBERTY LOAN

Uncle is calling—he asks for a loan
You have heard of your "Uncle" before
But listen; this Uncle is really your own
Not the one with three balls at his door!

Uncle is calling—he'd just like to know
If you'll lend him some money to fight
And remember, he's got to have money to go.
Lend him something, if only a mite!

Uncle is calling—you'll answer him, sure,
He has needs that have got to be met,
He'll pay you good interest, your money's secure,
And remember, you owe him a debt!

Uncle is calling—he's called once before,
Every nephew should fight or chip in,
Won't you stand by your Uncle—your country AT WAR?
If not, don't expect him to win!

Uncle is calling—oh, don't turn him down!
He has guarded our interests so well,
A loan to your Uncle—not a tax to a crown,
For FREEDOM your dollars will tell!

Uncle is calling—to you and to me
And he's waiting to hear what we'll do,
This loan will protect our great Land of the Free
And preserve us the Red, White and Blue!

—John Nelson Stewart, Jr.

BAKER O. K.'S MUSCLE SHOALS

Washington, Oct. 17.—Sheffield, Ala., as a site for one of the nitrate plants for which congress appropriated \$20,000,000, was announced today by the war department. The site is on the Tennessee river near Muscle Shoals. The plant is to manufacture ammonia and nitric acid. Agreement has been reached between the government and owners of the land as to the price to be paid for the site.

The secretary of war authorized the following announcement regarding the location of the government nitrate plant:

"The secretary of war announces that the president has approved the location at Sheffield, Ala., of the initial ammonia and nitric acid plants to be constructed with a portion of the \$20,000,000 appropriated for nitrate supply by the national defense act, providing a suitable site be there obtainable at a reasonable price. As satisfactory prices have now been agreed upon for the transfer of the several parcels of land involved, the location of these initial plants at Sheffield may now be regarded as assured.

"Sheffield, Ala., is located on the Tennessee river just below the Muscle Shoals and is near to the phosphate beds of central Tennessee. On the site selected there are several substantial steel buildings, which can be utilized with a saving of expense and of time.

"These initial plants were planned with a view to determining the best and most economical process of nitrogen fixation. Enough land is being acquired to permit of large expansion—by the same or other processes—in case such expansion at the same place shall be decided upon. These plants will produce material of much value in the manufacture of munitions for the war. After the war, any excess of their product over the munitions requirements may be sold for use in fertilizer."

JOHN C. ROGERS IS HONORABLY DISCHARGED.

John C. Rogers, a Morgan county selectman at Camp Pike, has been honorably discharged and has returned home. He failed to pass the rigid physical examination.

The re-examination of 82 Morgan county men rejected for military service for physical disabilities, was begun this morning by the county exemption board. At noon eighteen men had passed before the physicians, eight being accepted and ten rejected.

Those accepted were:
W. E. Beasley, W. H. Landers, E. N. Smith, J. K. McGar, C. O. Roberts, B. G. Hall, L. T. Breedlove, William Briscoe.

Those rejected were:
G. J. Criscoe, P. E. Johnson, H. M. Saffey, L. S. McAbee, A. N. Wright, Lonnie Shinecock, E. H. Hall, Ezner King, Grover C. Carothers, R. L. Gibson.

BAKER PRAISES FRENCH FORCES

ALSO COMMENTS OPTIMISTICALLY ON NEW TYPHOON FIRE.

(International News Service.)
Washington, Oct. 17.—The great value of French co-operation in the allied offensive in Flanders during the last few weeks is emphasized by Secretary Baker today in his weekly review of operations on the European battlefields. He also comments optimistically upon the new typhoon fire of the allied batteries and the fact that the Ypres salient has now become an ever extending wedge driving deeper and deeper into the German lines despite desperate counter attacks.

Caught Trying to Evade War Tax

(International News Service.)
Washington, Oct. 17.—A \$17,000,000 munition tax fraud has been uncovered by the treasury department. Attempts of war contractors to evade payment of the 12 per cent tax on their profits was revealed by revelations of the internal revenue bureau.

GERMANY PLANS TO SCUTTLE SHIPS OFF U. S. COAST

Radiogram From Berlin States That American Waters to Be Included

NAVAL FIGHTS IN GULF OF FINLAND

Both Russian and German Torpedo Boats Are Sunk in Fighting Off Island of Oesel

(International News Service.)
Petrograd, Oct. 17.—Increasing discontent is being noted among the German armies on the Dvinsk front, according to German prisoners and information received by the Russian general staff. The trouble is due chiefly to a new secret military organization known as "The German Military League for an Early Peace," which is growing in numbers.

(International News Service.)
London, Oct. 17.—Germany may soon extend her ruthless submarine warfare to American waters. That such action is contemplated by the German admiralty was indicated today by a radiogram from Berlin stating that the coasts of the United States, Canada and Cuba may soon be declared war zones.

With Germany's declaration of ruthless submarine warfare off the British Isles and France there went with it the announcement that all merchant ships found by German U-boats in these waters would be sunk forthwith. That Germany with her fleet of dreadnaught submarines could ravish shipping in the steamer lanes off the American coast was demonstrated by the U-53 a year ago this month when she crossed the Atlantic from a German port, put into Newport, R. I., and on her return trip sank a number of merchant ships off the New England coast.

Germany has increased her submarine fleet to 300 units, according to Christiania advices. It is possible that the German underwater cruisers may attempt to plant mine fields in the traffic lanes off the American coast. The opinion was advanced here, however, that any attempt of Germany to blockade the American coast would be doomed to failure.

TORPEDO BOATS SUNK IN GULF OF FINLAND.

(International News Service.)
Copenhagen, Oct. 17.—With three of the six islands at the entrance of the Gulf of Riga in possession of the Germans, naval actions between German and Russian fleets continue in those waters, according to reports from Petrograd and Berlin today.

Advices from Berlin deal mostly with land operations, while the Petrograd dispatches tell of valiant resistance of the Russian fleet under difficulty of fighting against superior units.

The Russian torpedo boat Grom and a German torpedo boat were sunk and the Russian torpedo boat Chrapryi was damaged in an action in Soela Sound, which lies between Oesel and Dagoe Islands.

Another report stated that two German torpedo boats were destroyed and others damaged by Russian shell fire. German telegrams declared that the capture of Serrel at the tip of Oesel Island was hourly expected.

NAVY DEPARTMENT NOT WORRIED OVER REPORT.

(International News Service.)
Washington, Oct. 17.—The navy department today let it be known that it does not consider the reported intention of Germany to declare American waters a war zone as of any real significance. From the day of the declaration of a state of war between the United States and Germany, this government has looked upon all waters touching American territory as war zones and has taken all steps to protect itself.

The state department has no official confirmation of Germany's reported intention, but was interested because if the report is correct, this is the nearest that Germany has come to recognizing this country as a belligerent.

OUR BOYS COMING THIS WAY SOON REPORTED TODAY

"Our Boys"—the Morgan county selectmen at Camp Pike, are thought to be passing through the Twin Cities Thursday or Friday. They are reported to have been ordered to Camp Jackson, Greenville, S. C., to fill gaps in national guard units that are being recruited up to full war strength. The local boys are with the 334th field artillery at present.

Accident On Coast Patrol Costs Life

(International News Service.)
Washington, Oct. 17.—Secretary Daniels today confirmed a report of a serious accident on board an American patrol vessel off the Atlantic coast. Denny Sheehan, a seaman, was so badly scalded that he died, while one other man was seriously injured. The accident was due to the falling of a return tube in the boiler.

Mrs. Sallie Sawyers Died This Morning

Had Been Ill But Short Time From Pneumonia.

Following a brief illness, Mrs. Sallie Sawyers died this morning at 6 o'clock, pneumonia being the cause at her late residence, 327 Grant street. She was one of the older residents here and a woman of many virtues that endeared her to the people of this community. Deceased was a charter member of the Central Baptist church and her life had been one of doing good.

She is survived by one son, Navland Sawyers, of Marshall, Texas, and the following daughters: Mrs. Bess Vandiver, Mrs. Addie Clarkson, Mrs. Wiley Thomas and Miss Shelia Sawyers.

Funeral services will probably take place on Friday, the hour and place to be announced.

LINER TOUCHES PORT AND CAUSES SPECULATION

(International News Service.)
An American Port, Oct. 17.—The unannounced arrival here today of a big passenger liner which ordinarily plys between a South American port and a European port, caused considerable speculation in naval circles. The vessel when she left South America was supposed to go to Europe direct.

MUST THE SOLDIER BOYS BEAR ALL THE BURDEN?

Reports so far received from the various cantonments show that the man in khaki, the man who has been selected to bear the burden of the heavy fighting, to risk his life in the trenches, is also being allowed to do more than his "bit" in financing the war.

Tabulated returns tell the story—that the enlisted man and the rookie officer have subscribed far more, proportionately, to the second Liberty Loan than the smug civilian, who stays comfortably at home. The skirt dodger and the "slacker," the patriotic philanthropist and the good churchman alike, have failed to wake up to the nation's need. They have failed to realize that it is not men and munitions that will win the war, but mere money, the cold metallic stuff that will purchase anything and everything from brains to mutton. They have not grasped the big idea that they have an opportunity to serve, no matter how glaring the physical deficiencies that keep them by the fire-side or how arduous the years that for more than 31 summers have furrowed their brows. The men in the cantonments, brought face to face with the reality and the gravity of the situation, knowing more of the tasks cut out for them, have gone down in their pockets and helped the government to win its first great world conflict. They are in the war to the finish. They mean to win, and to win quickly.

Is it right and just that these boys who have been called away from their vocations, these men of the future who have been told that their opportunities must fade and wither while they go forth to the defense of country, should be made to feel that not content with allowing them to offer the sacrifice of their lives, the folks back home are perfectly willing for them to add their money for good measure? This is not American. It is not square. It is not equitable.

The least that the stay-at-homes can do is to finance the war.

NO FURTHER DOUBT AS TO MUSCLE SHOALS.

Although the Muscle Shoals victory has been a piece-meal affair, progressing from possible defeat to a re-opening and second hearing and the final announcement that the temporary plant had been won, its full force and effect should not be overlooked because of this fact. The public is hardly prepped to grasp the idea now that the permanent plant will be authorized. There is still a lingering doubt, a sort of dumb fear that something will intervene. This doubt, however, should be dispelled by the statement coming from Washington to the effect that Senator McKellar of Tennessee, had been advised by one "high in authority" that the permanent plant will be located at the Tennessee river site, and the corroborating circumstances that make any contrary course of action now practically impossible. It may be safely assumed that Sheffield possesses no especial merit as the location of a steam plant, and that President Wilson and his official advisers placed the temporary plant there for no other reason in the world than that the permanent one was to follow. The Tennessee Valley, its dream of years at last realized, should now wake up to the fact that the waters of the Tennessee are to be harnessed and that cheap electric power will eventually drive the wheels of countless industries. Plans for the future should be based on this reality and development should be on a proportionate scale. The Twin Cities of the future should be built on broad lines with a vision into that not distant future when the population will have reached the 50,000 mark and the upward climb to metropolitanism will have just begun.

RUSS DON'T WANT A SEPARATE PEACE

(International News Service.)
Washington, Oct. 17.—Long continued rumors that Russia would sue for a separate peace were effectually spiked today when the Russian embassy gave out a statement of the Russian Minister of Foreign Affairs Terestchenko, relative to the replies of the Germans and Austro-Hungarians. He declared President Wilson's answer to the Pope had announced the principles for which the free people of Russia are fighting.

America Sits in At War Council

(International News Service.)
Washington, Oct. 17.—The United States will be represented at the forthcoming war council of all nations allied against Germany. The formal announcement of this was made by Secretary Lansing today. The exact place or time has not been determined for the meeting which will be for the purpose of affecting greater co-operation among the allies. The American representative has not yet been selected.

"Cheating Cheaters" Is Pleasing Play

Who is Ferris? The answer to this question was the secret of the clever plot that makes "Cheating Cheaters," which appeared last night at the Masonic theatre, an unusually pleasing play. A farce melodrama, with a love story woven into the last act, the play is one that progresses in interest until a denouement is reached for which the audience is not prepared. Nobody even suspected the identity of Ferris, and thereby hung the tale. The story is that of two bands of crooks so extremely well versed in the fine art of stealing jewels that they attempt to rob each other. Both gangs thought the other to be what they represented themselves—wealthy Gotham folk with plenty of sparklers. Ferris, the redoubtable detective, finally weds the man of her choice and signs up her former pals as members of her detective force.

The play was presented by a well balanced and capable company, and was thoroughly enjoyed by a fair sized house.

FREDERICK OLIVER REECE DIES AT AGE FIVE YEARS.
Frederick Oliver, the 5-year-old son of Mr. and Mrs. J. W. Reece, died last night at 8:30 o'clock at the family residence at 415 Grove street. The little fellow was a most lovable child and one of much promise. He succumbed to a congestive chill. Funeral services Thursday afternoon at 2:30 o'clock at the residence.

Women Give Out

Housework is hard enough when healthy. Every woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles should be glad to head this Albany woman's experience: Mrs. J. A. Galyon, 621 Fourth Ave., says: "I suffered from rheumatic pains all through me and my back was so stiff and sore I had to stay in bed for days at a time. I could hardly straighten and I was often so dizzy I was afraid I'd fall. At such times it seemed as if there were spots in front of my eyes. My kidneys plainly showed signs of weakness and I was nervous and irritable. One box of Doan's Kidney Pills soon fixed me up all right." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Galyon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.)

House to Tackle Bone Dry Problem

When Congress Re-Convenes Sheppard Amendment Will Be Pushed Through.
(International News Service.)
Washington, Oct. 17.—Taking advantage of the brief vacation before the December session of congress convenes, prohibition leaders are perfecting their plans to push through the house soon after it assembles, the Sheppard nation-wide prohibition amendment which has already been adopted in the senate. They are confident that doubtful congressmen will return to Washington determined to support the amendment. Canvasses are already being made to make sure the necessary two-thirds majority. Nevertheless, pressure is being brought to bear upon doubtful members.

FATHER MOLLOY DISCUSSES TO-NIGHT AT ST ANNE'S "THE BIBLE, WHAT IS IT AND AUTHORITY."

At the evening service yesterday at St. Anne's church, Father Molloy spoke on the subject, "Why Is It That One Religion Is Not As Good As Another?" The missionary said that Christ had of necessity definite doctrines in mind when He taught men. "He surely meant something when He spoke of His church remaining to the end of time. The contradictory tenets and beliefs of all the Christian sects destroy the fiction that they all are branches of one organization. 'The man who claims and feels that his sect, no matter how flimsy its foundation, is right, is far less to be pitied than the man who thinks that all are of equal worth. Truth is one and it is not made up of contradictions and clashing.'"

This evening Father Molloy will discuss the Bible as a source of religious authority. He will tell what the Bible is; where it came from, and of what value it is in the hands of the man of our day. No subject could be of more engaging interest than this.

Father Sheridan invites all those who know, or think they know, the Bible, to be present.

ENGLAND MAY USE WHALE MEAT FOR BEEF.
(International News Service.)
Portland, Ore., Oct. 16.—Maitland F. Kindersley, of London, England, is in the Pacific northwest investigating the possibilities of substituting north Pacific whale meat in large quantities for beef in England and for her armies.

Kindersley said he will subject whale meat to cold storage and chemical tests to determine whether or not large supplies of the chilled or frozen meat can be transported to England and remain in good condition.

Condemned Negro Asks For Bible

Walter Hardley, alias Cleveland Wilson, the negro desperado now in the Morgan county jail and under sentence of death at Cullman on Nov. 30, evidently has reached the conclusion that his luck has failed. After three times escaping from custody he is now making preparations to die and has asked Sheriff Forman for a Bible, which has been supplied. The negro is one of the most desperate criminals ever confined in the county jail and has a record for escapes that is almost without equal.

Miss Kate Lile was the over-Sunday guest of her sister, Mrs. W. F. Boswell.

WALDSMITH-PURYEAR.

A wedding of state-wide interest occurred at Hartselle at 6 o'clock Wednesday at the Methodist church, when Miss Esther Waldsmith, daughter of Mr. and Mrs. W. Waldsmith, became the bride of Mr. Will Puryear.

As a twilight wedding the idea was an artistic one, and as Miss Ruby Stewart played the first strains of Lohengrin's triumphant march, the nuptial party entered the church, advancing down opposite aisles. First came the ushers, Grady Sherrill and Frank Merriweather, while opposite them the dainty maids, Eloise Riddle and Yetta Lee Sobotka, in toilets of white georgette crepe lace and fur embroidered with chenille, wearing black picture hats and carrying hat baskets of pink and white roses. The maid of honor, Miss Irene Doss, whose gown was of white tulle with lace draperies and bandings of silver over Nile green satin. She wore a sheer hat of white tulle with satin draperies and carried a beautiful hat basket of pink and white roses. Next came the bride, elegant in a traveling suit of beet root tricotine velour with gray accessories, and carried an arm shower of valley lilies and roses. She was met at the altar by the groom and his best man, Edgar Morrow, where Rev. P. L. Aldridge pronounced them man and wife.

The church was decorated with a pyramid of ferns and festoons of ivy, and as the nuptial party stood in the soft light of numerous candles, without the glaring effects of electricity, their "perfect day" had been realized. A pre-nuptial program was given by Miss Merriweather, who, with Miss Ruby Stewart, were a part of the wedding party, who came to Decatur and enjoyed a wedding supper at the Hotel Hilda. The whole party attended "Cheating Cheaters" at the Masonic later. Mrs. John Bean and brother, of Birmingham, were also of the wedding party.

STORY TELLING HOUR.

The subject for the story telling hour that Miss Kimbrough will give Thursday from 3 to 4 o'clock, will be "The Giant's Garden and Our Trip to Fairyland."

Mrs. R. W. Roger and daughter, Miss Ruby; Mrs. Fred Sherrill, Sam Polytinsky, Gilbert Turner, J. Wynum, of Hartselle, attended "Cheating Cheaters."

Mr. and Mrs. Charles Arbuckle, of Trinity, left Tuesday to visit relatives of Mr. Arbuckle in West Virginia.

**Calomel Purified
Of All Objections**

Chemists Rid Doctors' Favorite Medicine of Nauseating and Dangerous Qualities. New Variety Called "Calotabs."

A triumph of modern pharmacy that is destined to bless the whole world—that is the opinion of physicians and druggists who are familiar with the new calomel that is wholly free from the objectionable effects of the old-style calomel.

An occasional purifying of the system and thorough cleansing of the liver are absolutely essential to health, and, as all doctors know, calomel is the only drug that accomplishes this result. Now that the unpleasant and dangerous effects are entirely removed, the popularity of the new calomel, Calotabs, will be vastly increased. Its effect is delightful. One tablet at bedtime, a swallow of water—that's all. You wake up next morning feeling fine, your liver cleansed, your system purified and with a hearty appetite for breakfast. Eat what you please—no danger. No restrictions of habit or diet.

Calotabs are sold only in original sealed packages, price thirty-five cents. Your druggist recommends and guarantees them. (Adv.)

**Fail to Unravel
Mystery of Death
Of Negro Woman**

Officers so far have failed in their efforts to unravel the mystery surrounding the death of Antoinette Stephenson, the aged negro woman whose partially cremated body was found outside her home last week. There is still no clue to the identity of the perpetrator of the crime, if the woman was murdered as the coronor's jury held.

Three antiquated pistols, two shotguns and the rims of three pocket-books were found in the ruins of the woman's home, which had been burned to the ground. The weapons were relics of civil war days. The woman's body was badly burned and her right leg broken above the knee. It is not thought that she could have been injured by falling timbers, as it would have been impossible for her to have reached a point 20 feet distant from the house, where she was discovered following the fire.

Kansas City, Oct. 17.—Following an investigation of the \$750,000 fire which destroyed more than one-eighth of the pens of the Kansas City stockyards yesterday morning, resulting in the loss of 10,000 cattle and 3,000 hogs, it was announced by officials today that they believed the blaze was the work of an incendiary. An investigation is under way.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

"I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head."

"I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties."

"I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui."

"Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134 Advertising.

ALBANY RED CROSS RAISES YARN FUND

THIRTY-SIX DOLLARS CLEARED LAST WEEK FROM SALES OF SANDWICHES.

From their work last week in selling coffee and lunches to visitors at the carnival, Red Cross ladies report that they cleared about \$36, the exact amount to be reported at the next meeting of the society. Also they report that a handsome donation is forthcoming from the Decatur Land and Improvement Company. This week's work of the Boy Scouts in behalf of the yarn fund has so far resulted in the collection of \$6.20. Miss Florence Bassett has kindly consented to take the direction of this work, and it is the present purpose of the Scouts to carry their Red Cross tent outspread, about twice a month, throughout all the state, asking all who will to help win the war by helping the soldiers with plenty of warm clothing. It is stated as a fact from Red Cross headquarters that in many instances our soldiers are, actually suffering for the need of more wraps and yarn half hose. President Goodwin expects to call a special meeting of the society at an early date.

Uncle Sam Arranges For the Grind of Drill Practice to Be Broken By Wholesome Amusements

Little Rock, Ark., Oct. 17.—From an inspection of that part of Little Rock most frequented by the soldier on leave, one would easily form the conclusion that the drafted man was seven-tenths a pool and billiard player, and the balance an eater, for what buildings do not house really magnificent pool halls are restaurants.

During the officers' training school at Fort Logan H. Roots last summer, the impression the Little Rocker evidently had of the student officer was that nothing so charmed him as a waxed floor, a jazz band and one of Little Rock's fair maidens with whom to trip off the fox trot, one step or waltz.

At first the war service board rather encouraged the dances, for it gave the young officers a pleasant diversion on Saturday afternoon and night, but when it was carried to the extreme a halt was called that was obeyed with the celerity that should accompany an army command.

There are other ways of entertaining the young officer, as well as the young soldier. Of course there are dances, but they are under proper supervision, and if the soldiers go to them, they must pay admission. Nothing is free any more, because Major General Samuel D. Sturgis does not want it so. He wants his men to be independent, not mollycoddles. He realizes that the men who become accustomed to receiving gifts expect more, and General Sturgis says every man in his command must be a man.

The war service board has made an ideal arrangement for the dance hall, or so it has been pronounced by the authorities at Washington, and passed on to New York officials with the request that they profit thereby. The first step by the local war service board was to secure an audience with one of Little Rock's wealthy citizens, the owner of a building covering almost an entire square. This building, erected for market purposes, was only half occupied. The owner was asked to tear out all partitions in this half, and put in a hardwood floor to replace that of the dance hall, thus converting it into an ideal dance hall. This would require the destruction of at least \$20,000 worth of property, but the citizen saw where he could provide recreation for hundreds of soldiers each evening, and readily agreed.

The next step was to secure the passage of an ordinance which requires the payment of a license of \$100 per month for the operation of

a dance hall. This was for the purpose of suppressing the small dance halls that would otherwise spring up all over the city, and be policed with difficulty. The owner of the large building has also agreed to employ an orchestra of the very finest, and the war service board knows that a citizen of this kind will keep order at all times. This board does not intend to create a monopoly, but anyone who will compete for the business will be forced to make equally as ample provision, and conduct a place upon the same high plane.

Privilege Licenses Delinquent Nov. 1

All privilege and automobile licenses, due on Oct. 1, are delinquent Nov. 1, according to announcement today from the office of Probate Judge L. P. Troup. After Nov. 1 a penalty of 15 per cent in addition to costs of collection will be added.

BIG MUSICAL SHOW TONIGHT.

The Maddocks-Park Musical Comedy Company will continue their engagement at the Masonic theatre tonight and will offer something entirely different. The farce to be in evidence

is a laugh from start to finish, entitled, "The Runaways," written by Sam Park as a laugh producer. A number of features in the vaudeville lines are scheduled in this bill, including Miss Ethel Greene, "America's famous wooden shoe dancer." The Six Aces will also offer a change, and King & King will have another dancing bout. On a whole the show bids

to be one of the best of the season and everyone should take advantage of the opportunity to see this attraction, which in a short time is booked solid over the Keith vaudeville circuit and will probably not return here for many months.

EVERY DAY

the L. & N. distributes \$148,300 throughout the South for operation of its trains and up-keep of its property.

This daily distribution is made possible through the successful management of a constructive railroad which is an important factor in Southern progressive development and commercial supremacy.

Because the L. & N. realizes that its interest and the interest of the people are mutual, it co-operates in every possible manner for better farms, (the foundation of all prosperity); for better industrial conditions; for better commercial co-operation; for better educational facilities; for more cordial social relations.

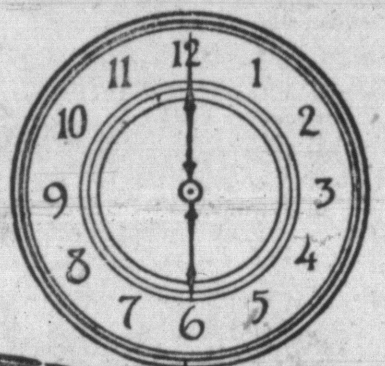

Through their share in the L. & N.'s daily distribution of \$148,300 many individuals and enterprises are able to realize their desire for business prosperity and personal happiness.

A considerable portion of the \$7,200.00 paid daily for taxes is devoted to Southern education.

One out of every ten people derives his or her means of livelihood directly or indirectly from the railroad industry. The L. & N. operates in nine Southern states. Therefore the ability of the L. & N. to operate successfully is a matter of vital concern to Southern prosperity.
